Dear Parents/Carers

17th March 2020

In light of enquiries from parents we would like to remind you of the most recent Government guidelines and urge parents to act responsibly in the interests of the safety and wellbeing of the school community.

“If your family have COVID-19 symptoms or have enhanced risk ... follow medical advice to self-isolate and promote your health”

“If you live with others and you or one of them has symptoms of coronavirus, then all household members must stay at home and not leave the house for **14 days**. The 14 period starts from the day when the first person in the house became ill”

“The most common symptoms of coronavirus (COVID-19) are recent onset of: new continuous cough **and/or** high temperature.”

We as a school are following the latest recommendations from Government and are not in a position to offer medical advice.
